## SINGLE MALT SCOTCH WHISKY

The original whisky of Scotland is “malt whisky” made only from malted barley in two, occasionally three, copper pot stills. “Single Malt Whisky” is the product of an individual distillery. Our range showcases the wide and varied styles of single malt scotch with smoke driven peated whiskies, to lighter more fruit driven styles from the Highland and Speyside distilleries.

## BOURBON & AMERICAN WHISKEY

Our selection from America includes labels such as Maker's Mark made from at least 51% corn grain. This imparts sweetness to the whiskey which is aged in charred American oak barrels for colour and extra flavours of caramel and vanilla.
